## SWIMMING LESSONS

According to the CDC children ages 1-4 who participate in formal swimming lessons are 88% less likely to drown. Let us help your children learn to be safe and strong swimmers! Registration for lessons is available at <https://splashpoolservices.com/swimming-lessons/> after May 15<sup>th</sup>.

### Group Lesson Session Dates:

- Session 1 June 4-June 15
- Session 2 June 18-June 29
- Session 3 July 9-July 20
- Session 4 July 23-August 3

The second Friday of each session will only be used for make-up classes in the event of a full class cancellation.

**Group lessons** are participation based. Classes will only run if there are at least 3 swimmers registered for each full session. If

the class you registered for does not run due to low enrollment you will be given 2 vouchers for free private lessons. The vouchers are good for 1 year and can be redeemed at Splash Swim School OR Foothills Green.

Classes run between 9:00am and 11:00am each session. Specific class times are set prior to each session. You will be notified of your specific class time(s) no later than the Saturday prior to each session.

**Private and semi-private lessons** are also available. These are 1:1 or 2-3:1 lessons that are scheduled at your convenience. They are guaranteed to run. You choose the time, you set the goals and we take it from there! Please speak with the pool manager to schedule lessons.

Follow us on Twitter for updates on classes, cancellations. etc. @spslessons.

## SPLASH SWIM SCHOOL

Don't wait until summer starts to be sure your swimmers can safely enjoy your pool! Register for group OR private lessons at our indoor, warm water pool to get a jump on summer fun!

Splash off the cobwebs after months of not being in the water. Call 970-631-8227 or check out our program at <https://splashpoolservices.com/lessons/>.

## SWIMMING AND SAFETY

Drowning remains the second leading cause of accidental death for children ages 1-14 in the United States.

**Although our lifeguards are provided to assist you with supervising your swimmers, please remember that you are ultimately responsible for the safety of your family and your guests. There is no substitute for your ACTIVE SUPERVISION!**

Swimmers who are dependent on floatation devices to swim must be accompanied by a guardian who is in the water within one arms reach, ACTIVELY WATCHING THEM. **We strive to promote**

**pool safety and prevent accidents around your facility through active supervision, facility safety checks, safety education, swimming lessons and enforcement of pool rules. It is only through a partnership between your family and the Splash staff that we are able to maintain a safe, relaxing and enjoyable environment for your family and guests.**
